EDITOR'S MESSAGE

Dear Esteemed Members,

The month of June has truly been the most dynamic and eventful chapter in our calendar so far. It brings me great pleasure to present this edition of our newsletter, which captures the spirit, energy, and vibrancy that defined the past few weeks at the Guwahati Branch.

From a professional standpoint, the branch conducted a series of impactful CPE programs including seminars on RERA, Emerging Issues in GST, and the Code of Ethics, amongst others. These sessions provided members with valuable insights and continued professional enrichment.

Interestingly, the non-CPE segment this month outshone the CPE events in both scale and diversity. With significant global observances such as World Environment Day, World Bicycle Day, and International Yoga Day falling in June, the branch made it a point to mark each occasion meaningfully. The Yoga Day celebration was particularly special, running across five days with a unique activity each day. Events like the MSME Day celebration, career counselling sessions, and E-waste collection drives further added value and social relevance to our calendar.

The crowning jewel of the month, however, was the CA Day celebration, thoughtfully themed “7 Days, 7 Vibes.” Over the course of a week, we hosted an exciting line-up of programs including a Quiz Competition, Indoor Games, MSME Clinic, Antaakshari, Box Cricket League, Movie Night, and an inspiring Motivational Session. These celebrations touched the lives of nearly 300 members, reflecting the strong spirit of fellowship within our community.

Adding to the month's highlights was the Mega Students' Conference, a powerhouse of talent and learning led by the future torchbearers of our profession. The enthusiasm and participation of our students made this event truly memorable.

As I compiled this edition, I felt a deep sense of pride in witnessing the vibrancy and unity of our branch. This regular edition of the newsletter shall follow with a special CA Day edition, to commemorate CA Day 2025, exclusively covering all activities related to the CA Day celebrations in detail.

I invite you to leaf through the pages at your leisure and relive the moments that made this month so remarkable. Taking this opportunity to wish you Happy CA Day. May we continue to grow, celebrate, and serve with renewed passion and purpose.

As we turn the pages of this edition, I invite you to relive the moments and milestones of a dynamic month. The newsletter captures the spirit and diversity of our activities, and I hope you enjoy reading it as much as we enjoyed bringing it together for you.

Wishing you a Happy Reading and call for your valuable feedback to help us shape future editions our E-Newsletter more engaging, relevant, and valuable for all members.

With warm regards,

CA. Kumar Victor Saha
Editor, e-Newsletter

PAST CHAIRMAN SPEAKS

My Journey as a Chartered Accountant

I was born in the small and quiet town of North Lakhimpur into a business family where commerce and enterprise were often second nature. But my father was never the conventional businessman. He ran a modest printing press—not driven by profit, but by passion. I often assisted him, not just with the mundane day-to-day tasks at the press, but also with something that would eventually shape my career: maintaining accounts. From him, I learned how to write a cash book, post ledgers, and maintain journals with precision and care. It was a quiet initiation into the world of numbers.

At school, I was a reasonably good student—not always the topper, but curious, consistent, and widely read. I took a keen interest in current affairs and regularly read newspapers and magazines. The real turning point came after I joined the local commerce college. Quite unexpectedly, my teachers and principal began to see in me the potential of a topper. With the strength of their expectations behind me, I went on to come on top in both the council and university examinations.

Chartered Accountancy felt like the most logical next step. In those days, there was no foundation course—one entered the CA pathway only after graduation. In 1993, I enrolled in the course and simultaneously began my articleship with CA B.K. Rathi. I was the only articled clerk in the firm at the time, which meant that every opportunity—every audit, every assignment, every challenge—was mine to learn from. I made it a point to be regular with my studies and diligent in completing the postal answer sheets, which were our primary learning tool at the time.

I began my professional practice in Guwahati in 1996. A defining moment in my journey came when I had the opportunity to work under Sri Ramesh Prasad Agarwalla, a legendary figure in Income Tax practice in our region. He introduced me to Tribunal Practice—an area that would go on to shape my professional life for many years. His command over the Income Tax Act was extraordinary, matched only by his discipline. Despite his encyclopedic memory, he never gave an opinion without first referring to the Act—what he reverently called “The Bible.” That habit left a deep impression on me, and I continue to strive to follow his example: never speak without the support of the law.

Another enriching phase of my journey began with my association with the Guwahati Branch of the ICAI. I served as a Managing Committee Member for two consecutive terms, from 2007-08 to 2012-13. It was a period marked by strong collaboration. A key highlight was the construction of the branch building—a milestone that reflected the unity and commitment of the members. I had the privilege of serving as the Branch Chairman in 2011-12, a role that helped me engage more closely with the fraternity. My involvement with the branch continues to this day. I regularly take sessions for GMCS and Orientation Courses for CA students, allowing me to stay connected with the youth and contribute to their formative professional years. I also occasionally speak on topics of professional interest, particularly in the areas of Income Tax and Auditing.

Looking back, my journey has been one of steady learning and quiet persistence—anchored in the values I learned beside my father’s desk, sharpened by mentors like CA B.K. Rathi and the late Sri R.P. Agarwalla, and enriched through my association with the ICAI and the wider CA community. Every balance sheet I sign is not just a financial statement—it is a reminder of the faith, discipline, and diligence that this profession demands and rewards.
