My Dear Students,

“Integrity is choosing courage over comfort; choosing what is right over what is fun, fast, or easy; and choosing to practice our values rather than simply professing them.” - Brené Brown

For students, your personal morals and values reflect your character and credibility. Maintaining integrity while learning and earning your professional degree represents your true accomplishments. As a student, integrity means working hard, being fair and honest to yourself by putting in the hours to study and complete tasks. Studying with integrity means completing your own work and taking responsibility for demonstrating what you have learned. By procrastinating or even not analysing what you have learnt, you compromise your integrity and diminish yourself in the process. This lack of credibility then follows you into the workforce and can impact your professional goals because nobody wants to employ or work with someone unprofessional.

During the month, wherein most of the students were busy in their examinations, we restricted our activities till the exam but We want our students to be fit in all aspect, so immediately after the exams were over, we have organised indoor and outdoor sports for them at Royal Global School on 26th & 27th November. I was quite happy that more than 250 students participated in the event and took active part in all the sports.

I once again request you to get updated information about the EICASA Events and if you have any queries or want to know more about EICASA, you can be in touch with any EICASA managing committee member, but ensure your active participation in the events.

At last I again wish all the students all the best for your bright future ahead.

Thank you

CA. Anjani Kumar Mundhra
