## CHAIRPERSON'S MESSAGE

Esteemed Members,

Greetings !!

Wish you all a very Happy New Year 2026 !! May this year bring good health, knowledge and prosperity to us all. We had a great National Conference 2025 in December 2025 with your presence and support. We have landed in the year 2026 after delivery of a differently challenged year 2025 which had a different momentum altogether.

Income Tax filing work which theoretically started in July practically continued till the last day of 2025. GST Annual Filing took its own course in different styles by different professionals, though the prescribed form brought in certain changes which needed detailed manual working. Artificial Intelligence was mostly at the forefront throughout.

The year saw many new and landmark legislations which are very important for us professionally as they may bring new professional avenues opportunities for those who master these skills and rest of us who need to know it attest and assure professionals. These new legislations are waiting in pipeline for learning during the year 2026. The New Income Tax Act 2025 is waiting for all of us to explore the distinguishing features and changes in compliance and litigation that we shall see. 2026 is the year for New Income Tax Act.

India's Digital Personal Data Protection (DPDP) Act, 2023 and its rules which got implemented in phases, with key parts made effective from November 13, 2025 with the establishment of Data Protection Board for administering consent management and data principal rights.

The implementation of the four new Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020 with effect from 21st November 2025, rationalising 29 existing labour laws for modernising labour regulations, enhancing workers' welfare and aligning the labour ecosystem with the evolving world of work with the objective of driving labour reforms for Aatmanirbhar Bharat.

As I keep saying, our profession always brings us at crossroads since its lifeblood is discipline and fearlessness of complexity. Unwavering commitment remains our identity. You will be happy to know that your Branch organized about 301 structured CPE hours programmes in the calendar year 2025 excluding the Chapters / Study Circles. I thank each one of you for the great spirit of learning and academics and encourage each one of you to keep raising the bar for ourselves to become better professionals each day.

I have firmly believed that learning never exhausts the mind, it only rejuvenates, recharges and raises us. A grand WOFA 2.0 curated by our Honorable President is awaiting us at Noida from 30th Jan to 1st Feb 2026. I urge you all to register (<https://wofa.icaai.org/register>) and attend this mega event with your professional friends and associates for an outstanding experience of networking and connect besides learning and enjoyment.

I wish you all great learning, great identity and great growth ahead !!!!

Warm Regards,

CA. Raginee Goyal  
Chairperson  
ICAI Guwahati Branch

## EDITOR'S MESSAGE

Dear Esteemed Members,

As the final month of the calendar year, December provides a natural pause point for introspection, enabling us to reflect upon the collective efforts, milestones achieved, and lessons learned over the past twelve months. It also offers renewed energy and clarity to recalibrate our professional vision and set purposeful goals for the period ahead.

The concluding and wintry month of December stood as a defining period for the Branch, witnessing one of its most prestigious and impactful initiatives—the National Conference “Lakshya.” With the National Conference being the focal point of activities from the very outset of the month, the Branch remained deeply involved in meticulous planning, coordination, and execution. The scale and success of the Conference were a direct result of the unwavering commitment, teamwork, and professionalism displayed by the members of the organizing committee and office bearers. The enthusiastic participation from members across the state, coupled with the presence of distinguished speakers and thought leaders from across the country, elevated the Conference into a truly grand and memorable event. The Conference not only facilitated meaningful deliberations on contemporary professional issues but also strengthened the spirit of unity and collaboration within the fraternity.

Beyond this flagship event, the Guwahati Branch continued to actively discharge its professional and social responsibilities through a series of non-CPE initiatives during the month of December. These included Industry Connect programmes aimed at strengthening engagement between professionals and industry, focused sessions for Young Chartered Accountants to support their professional growth, Financial and Tax Literacy programmes to enhance public awareness, and Investor Awareness programmes to promote informed financial decision-making. Each of these initiatives reflected the Branch’s continued commitment to capacity building, outreach, and societal contribution, in alignment with the broader objectives of the Institute.

The month of December also holds special emotional and institutional significance for the Branch, as it marks the celebration of its 48th Foundation Day on 25th December. This occasion serves as a moment of pride and gratitude, allowing us to acknowledge the vision, dedication, and perseverance of our predecessors who laid the foundation of the Branch.

The month concludes on a festive and joyful note with the celebration of Christmas, a time that symbolizes peace, compassion, and goodwill. The festive spirit of the season brings with it an atmosphere of reflection, gratitude, and togetherness, enriching both personal and professional lives.

As this Newsletter reaches our members, the state of Assam would be preparing to welcome Magh Bihu, a festival that signifies harvest, prosperity, and new beginnings. On this auspicious occasion, I take this opportunity, on behalf of the Editorial Team, to extend my warm greetings and best wishes to all members and their families for a Happy Magh Bihu and Makar Sankranti. May the coming period be filled with good health, professional success, and collective progress for our Branch and the fraternity at large.

Your valuable feedback will help us shape future editions of our E-Newsletter more engaging, relevant, and valuable for all members.

Wishing you all members A very Happy New Year, 2026!

Warm regards,

CA. Kumar Victor Saha  
Editor, e-Newsletter  
Guwahati Branch, EIRC (ICAI)

## PAST CHAIRMAN SPEAKS

I qualified as a Chartered Accountant in the year 1982, having completed my articleship with M/s U.C. Mazumdar & Co. I was the first Chartered Accountant in my family, which had long been engaged in diversified business activities across various sectors. Immediately after qualifying, I joined the family business and remained associated with it for nearly four to five years. However, my deep-rooted passion for the profession ultimately drew me back to professional practice.

The initial phase of practice was not easy. With little to no clientele, I was uncertain about how to begin. I then commenced my professional journey as an insurance surveyor, which proved to be a valuable learning ground and helped me build exposure, confidence, and client relationships. Over time, I established a strong presence in the field of income-tax practice in Guwahati, a legacy that continues even today.

During my years in practice, I have witnessed significant tectonic shifts in our profession—from the era of manual ledgers to today's age of artificial intelligence. I have also observed multiple tax reforms, particularly in indirect taxation, though it was never my primary area of practice. One strong belief that I hold today is that sole proprietorship practice, in the current challenging environment, has become extremely difficult to sustain. I therefore align my vision with the broader vision of ICAI, encouraging collaboration, firm mergers, and working as part of larger teams to deliver high-quality services to stakeholders.

That said, one principle remains non-negotiable for me: service quality must never be compromised—irrespective of limitations in infrastructure or resources. Technology, especially artificial intelligence, is playing a transformative role in shaping the future of our profession. To remain relevant and competitive, it is imperative for Chartered Accountants to equip themselves with this technological mammoth.

I fondly recall my tenure with the Managing Committee of the Guwahati Branch. As Secretary, I had the privilege of hosting the first-ever Regional Conference in Guwahati. Later, during my term as Chairman, we established a library at the Branch for the very first time—an initiative close to my heart. Representing the Guwahati Branch at various forums remains one of my most cherished experiences.

To the young Chartered Accountants, I would like to say that with industrialisation gaining momentum in the State and large infrastructure projects underway, there is a plethora of opportunities ahead. While entering the dynamic area of practice may appear challenging initially, with proper handholding and guidance from seniors, young professionals can certainly thrive.

I must also place on record my appreciation for the commendable work being done by the Guwahati Branch for the welfare and development of its members. I wish the Branch continued success in the years ahead and reaffirm that I shall always remain an all-weather friend of the Guwahati Branch of ICAI.

CA Amlan Bhadra  
Past Chairman  
Guwahati Branch of EIRC of ICAI.

17th Dec

Investor's Awareness Programme was organised by the Guwahati Branch at the Health City Hospital. The resource person for the programme was Mr. Ram Shah. The program was attended by the employees of the hospital in large number.

## MEDIA COVERAGE

### National conference of CAs on December 19-20

STAFF REPORTER

GUWAHATI, Dec 17: The Guwahati branch (EIRC) of the Institute of Chartered Accountants of India (ICAI) will host a two-day national conference of Chartered Accountants on December 19-20 at the Srimanta Sankaradevi International Auditorium here.

The event will bring together leading voices of the profession from across the country.

Raghuveer Goyal, branch chairperson of ICAI and convener of the conference, said that the event will be inaugurated at 10 am on December 19 in the presence of past presidents of ICAI, council members, managing committee members of the Guwahati branch of ICAI, and senior professionals from across India.

Designed against the backdrop of rapid regulatory changes, increasing litigation, and technological disruption, the conference will feature six high-impact sessions addressing critical areas impacting the chartered accountancy profession.

"The technical deliberations will start with an in-depth study on 'Evidence and statements in GST proceedings', where JK Mittal will give practical in-

sights on investigations, appreciation of evidence, and legal standing and court room highlights on statements tendered in proceedings," Goyal said.

A discussion on the topic, 'Crystal gazing the profession -2030 and beyond', featuring past presidents of ICAI, including Dr Debasish Mitra, will deliberate on leadership, relevance, and the evolving role of Chartered Accountants in the coming decade.

Anil Bhanderi, an internationally acclaimed expert on Information Risk Management, Internal Audit, and Regulatory Compliance, and an honorary advisor to regulators like the RBI and TRAI, will speak on the topic 'Agentic AI vs Chartered Accountants - Will 2030 be a very different world for Chartered Accountants?'

Dr Girish Ahuja will talk on the recent new IT Act, which will become effective from April 1, 2026.

The programme will also include a special leadership session by the president of ICAI and other senior leaders of the body, highlighting the profession's role in governance, economic growth and nation building.

A talk show with Kunal

Sarangi, Sumeet Bhargava, and Nikunj Saral on 'Capital markets, insights, and wealth creation' will be moderated by Ravi Kumar Patwa, central council member of ICAI.

The talk show is intended to offer insights and analysis on market trends and advisory opportunities for wealth creation in modern times.

Another attraction of the conference will be a motivational session to be delivered by Dr Deepak Vohra. He will speak on the topic 'The journey transformation - Unstoppable Journey.'

A cultural evening is also scheduled on December 19, featuring a specially curated performance by Laksh Maheshwari, a performance by the music band Voodoo Child, and a dance drama *Gajanan Udhav* to be performed by Chartered Accountants and CA students.

Branch secretary Jay Prakash Gupta said that the conference is expected to attract over 1,000 delegates, including members, students, and special invitees from across the country, and will serve as a platform for knowledge enrichment, professional networking, and meaningful engagement.
