FROM THE EDITOR'S DESK

Dear **Readers**,

It gives me immense pleasure to present another edition of **Metavallo Vista**, capturing a month filled with learning, celebrations, and memorable experiences for the **EICASA Guwahati** fraternity.

October has been a vibrant month, bringing together technical learning, personal development, wellness, and spiritual enrichment. From the A**URA Workshop on AI**, counselling session on **How to Face CA Exams**, and **seminar on Soft Skills** to the refreshing **Zumba and Garba session** and an enriching **session on Corporate Spirituality**, the month offered something meaningful for everyone.

Adding to these experiences, the **Industrial Visit to Asian Thai Foods India Pvt. Ltd**. on 31st October provided valuable practical exposure. Regular **OC and ITT batches**, along with **English Speaking sessions**, further complemented our collective learning journey.

The festive spirit of **Durga Puja**, **Vijaya Dashami**, and **Diwali** brought its own warmth and togetherness. We also extend our heartfelt congratulations to everyone who successfully cleared their examinations. Every milestone is a reminder of the perseverance that defines our journey.

As we step into **November**, the excitement continues with **ECLAT** – The CA Students' **Youth Fest** on 22nd November, followed by the **National Conference** for Members on 28th and 29th November, alongside several other learning opportunities.

The **CA journey** can often be demanding, with deadlines, examinations, and professional responsibilities competing for our time. Yet, it is equally important to pause, participate, build connections, and create memories along the way. These **experiences** make the journey as meaningful as the destination.

Metavallo Vista remains a reflection of our shared journey, celebrating the ideas, achievements, and creativity of our fraternity. I invite everyone to contribute and make every edition a true reflection of our community.

I hope you enjoy this edition and find it informative, engaging, and inspiring.

Here's to shared experiences, new opportunities, and growing together!

Warm regards,
Qaisar Akhtar Saikia
Editor, Metavallo Vista
EICASA Guwahati

FROM THE CO-EDITOR'S DESK

Dear **Readers**,

Every meaningful journey is shaped not just by what we achieve, but also by the people we meet, the ideas we exchange, and the experiences we gather along the way.

Being a part of **EICASA** has given me an opportunity to look at learning from a perspective beyond classrooms and textbooks. It has made me realise that some of the most valuable lessons come from working together, taking responsibility, sharing ideas, and being willing to learn from one another. Every task, every discussion, and every new experience brings with it an opportunity to grow.

I believe that the true strength of a student community lies in the participation of its members. Every student has a perspective, a talent, or an idea worth sharing. **Creativity** should never be limited to a particular field, and contribution should never be measured by how big or small an effort appears. Sometimes, a simple idea, a thoughtful article, a creative design, or a helping hand can make a much bigger difference than we imagine.

Metavallo Vista is more than just a newsletter to me. It is a space where different voices come together, where achievements find recognition, and where creativity gets the opportunity to be seen and appreciated. Behind every edition is the collective effort of individuals who bring their own thoughts, skills, and perspectives to the table. And that, perhaps, is what makes **teamwork** so special — creating something together that none of us could have created quite the same way alone.

As we move forward, I encourage every student to step beyond their comfort zones, explore their interests, participate actively, and never hesitate to put their ideas forward. You don't always need to have everything figured out before you begin. Sometimes, **growth** starts simply by showing up and giving something a try.
I hope this edition inspires you to look beyond the usual, recognise the value of your own contribution, and make the most of every opportunity that comes your way.

After all, the best part of being a student isn't just what we learn, but also what we create, share, and leave behind.

Warm regards,
Kapil Agarwal
