Chairman's Desk

Dear Student,

It is with great pleasure that I address you as the Chairman of EICASA Guwahati. I am honoured to have been given the opportunity to serve as your mentor and lead a group of young and dynamic individuals who are committed to making a positive impact on our community and the society as a whole.

I believe that as students, you have a responsibility to not only excel academically but also to contribute to the betterment of our society. Our unit's mission is to foster leadership skills, promote community engagement, and create a positive impact in the society, while polishing our existing skills and learning new ones.

I believe that with hard work, dedication, and a passion for service, we can achieve great things. As we move forward, I encourage all members of our student unit to stay engaged and actively participate in our activities and events, as they are designed to help you grow both personally and professionally. Our success as a group is only possible through the collective efforts of each individual member.

To start with, we had organised an Industrial visit to Gattani Polymers, a textile industry in Jorhat on 28th February 2023 to provide students with great opportunity to observe the production process and learn about the industry.

Also, we will be organising an Industrial tour in the first week of March, a half-yearly sports event on the 25th and 26th of March 2023 and an Educational Tour in the Last week of March. Besides this Mock Tests will be conducted at the branch for the coming May 2023 examinations. I urge you to take advantage of all of opportunities.

I am excited to share that Guwahati Branch of EICASA has been awarded as the Best Students Association Award at the Eastern India Regional Level. Hopefully, we shall continue the success and win the award next year as well.

While concluding, I would like to express my gratitude to each and every member of EICASA Guwahati for their dedication and commitment to our shared mission till date and I expect the same enthusiasm in this coming year as well.

2

Thanks & Regards

CA. Sushil Kumar Kalani

Friends,

I am glad to present my last edition as editor of the E-Newsletter of Guwahati Branch of EICASA. Any responsibility entrusted on us gives us a platform to learn. I wish the upcoming editor all the very best. I take the opportunity to congratulate the New Managing Committee Member of Guwahati Branch of EIRC with CA. (Dr.) Ayush Saraf as Chairman of the branch and CA. Sushil Kumar Kalani as the Chairman of EICASA.

Looking at the past performance of the EICASA team of term 2022, the Guwahati Branch of EICASA has been awarded as the **“Best Branch in Medium Category for EIRC of ICAI”**. I congratulate the team and I am sure with the hard work and dedication of the present team, the branch would definitely bag more awards in future.

We are all set with the lined up events and activities of EICASA. I request the students to kindly contribute to the event in huge numbers. I also request the students to contribute for the E-Newsletter and send various articles on technical or non-technical topic. The students can also design quiz on various topics to be published in the newsletter.

I am extremely happy to see the responses on our “FUN Quiz” section. I thank all the participants for being so actively contributing to the E-Newsletter. Students who are in top 3 for consecutive three months shall be rewarded. I request you to kindly participate and send your responses at beriyaneha@gmail.com.

I wish you all a healthy year ahead.

Happy Reading!!!

CA. Neha Beriya

EICASA Activities

Industrial Visit to Gattani Polymers

On the 28th of February 2023, the students from Jorhat had the opportunity to visit Gattani Polymers, a textile industry located in the industrial area of the city. The purpose of the visit was to gain insight into the manufacturing process of textiles, understand the various stages involved in the production process and explore the different techniques used by the company to manufacture high-quality textiles.

The production process at Gattani Polymers begins with the procurement of raw materials, including yarn and fabric, which are tested for quality before processing. The company uses various techniques, such as spinning, weaving, and dyeing, to manufacture the fabrics. The products are then inspected for quality before being packaged and shipped to clients.

Gattani Polymers has a strong reputation in the market for its high-quality textiles and fabrics. The company is continuously expanding its range of products and introducing new technologies to improve the production process. With its strong brand presence

and innovative approach to manufacturing, the company has a promising future. The company is known for its high-quality fabrics and textiles, and it was a great opportunity to observe the production process and learn about the industry.

Best Students Association in EIRC

The Guwahati Branch of EICASA (Eastern India CA Students Association) has been awarded the Best Students Association Award at the Eastern India Regional level. This award is a testament to the hard work, dedication, and exceptional teamwork of all members of our association.

This award is a testament to the hard work, dedication, and exceptional teamwork of all members of our association. Our association's success would not have been possible without the unwavering support of our EICASA chairman CA. Anjani Mundhra, who has provided us with guidance and resources throughout the year. Our members' passion, creativity, and commitment to our association's vision have also been instrumental in our success. We have organized

EICASA Activities

several events and initiatives throughout the year, including blood donation camps, sanitary pad distribution, workshops, sports events and seminars. Our association has also collaborated with other student associations to create a positive impact in the wider community. This award is not only a recognition

of our association's achievements but also a call to continue working towards our vision of creating a better and more inclusive students' community. We will continue to strive for excellence and make a positive impact on our students and beyond.
